

# 2020 Focused CE Series Schedule & Descriptions

*Each series includes weekly online study and webinars.*

*Registration deadline is one week prior to the beginning of each series.*

## **Adult CCRN/PCCN Certification Review\***

### **24.0 contact hours**

Feb. 24 - April 20, 2020 | May 11 - July 6, 2020

**Ready for your adult critical care or progressive care certification?** The Adult CCRN/PCCN Certification Review Focused CE Series is aligned with the core elements of the adult CCRN and PCCN board certification exam. The series will review the anatomy, physiology of the CV, GI, neurological, pulmonary, endocrine and renal, hematology and immune systems as well as the pathophysiology, characteristics and nursing management for related disorders covered on the exam. Learn key critical care concepts and practical application from certified experts in the field.

## **Ambulatory Care Nursing Certification Review**

### **12.0 contact hours**

Jan. 13 - Feb. 26, 2020 | April 6 - May 20, 2020

The demand for ambulatory care nurses will continue to increase over the next several years. In this course, participants will become proficient in the roles and responsibilities, including plan of care, care management, patient education, telehealth, patient safety guidelines and protocols, as well as legal issues within ambulatory care nursing.

Endorsed by  **AACN** American Academy of Ambulatory Care Nursing  
*Many settings. Multiple roles. One unifying specialty.*

## **Basic Spanish for Healthcare Providers**

### **12.0 contact hours** (nurses)

### **12.0 CE clock hours** (social workers–Level 1)

Feb. 3 - March 19, 2020 | April 20 - June 11, 2020

June 1 - July 16, 2020

Providing quality medical care depends on effective communication. As the number of Spanish-speaking patients continues to grow, there is an increased demand for healthcare professionals who speak the language. The Spanish for Healthcare Providers Focused CE Series includes basic medical Spanish as well as specialty-specific terminology, allowing you to tailor your learning experience to your specific area of practice.

## **Charge Nurse**

### **19.5 contact hours**

March 23 - May 21, 2020 | June 15 - Aug. 12, 2020

**Ever wonder how to best prepare your charge nurses?** The Charge Nurse Focused CE Series helps your nurses to become more effective charge nurses. Whether they are a new or experienced leader, they will gain key insight into the significance of being in charge. Learn valuable information from national nurse experts on leadership, communication, conflict resolution, critical thinking, delegation and managing change with emphasis on the critical role of the charge nurse.\*

Endorsed by

### **Neuroscience Nursing Certification Review**

**21.5 contact hours**

Jan. 6 - March 5, 2020 | March 30 - May 28, 2020

Do your nurses have the knowledge and experience and are now ready for their certification in Neuroscience Nursing? Or are they new to the specialty and seek a stronger grasp of what it is all about? This series helps prepare nurses for the board certification exam for neuroscience nursing. Attendees will learn from certified neuroscience nursing experts about neuro assessment, anatomy and physiology, and the clinical aspects and treatment of such disorders as traumatic brain injury, CV/stroke and seizures.

Endorsed by

## **Nursing Informatics Certification Review** **20.5 contact hours**

Jan. 20 - March 9, 2020 | March 23 - May 11, 2020  
May 18 - July 6, 2020

Do you have nurses new to informatics or who would like to prepare for certification in Nursing Informatics?

This series provides an extensive review of the Nursing Informatics board certification exam. Nurses will learn key concepts that align with the core elements of the exam, including system planning, analysis and design, as well as implementation, ongoing maintenance and support. The series will cover trends and challenges within the specialty, how ethics plays a role in health information technology, and the standards related to communication security and confidentiality.

## **Nursing Preceptor Specialty Practice\*** **28.0 contact hours**

Feb. 10 - April 6, 2020 | May 18 - July 13, 2020

Do you want to promote staff retention, stimulate increased quality in practice and care, and positively impact outcomes? Do you want your staff to expand their knowledge of interprofessional collaboration, team-based care, competency attainment and validation, HCAHPS, and NDNQI to enhance patient outcomes? This series offers a customized learning experience to gain insight and practical knowledge on getting the most out of your preceptoring experience. Topics include boundaries between preceptor and preceptee, critical thinking, time-management, evaluation of competency, goal-writing, constructive feedback, patient/family engagement, HCAHPS, NDNQI and more! Whether you are a preceptor seeking to improve your effectiveness or a preceptee trying to increase your knowledge, this series provides the opportunity to learn from experts in the field, gain confidence, and ensure that you are prepared for success.
