

July–December 2022 Schedule & Descriptions

The most comprehensive learning experience for **clinical proficiency** and **exam preparedness**.

Focused CE Series is an intensive blended learning experience taught by world-class experts. Each series is five-to-eight weeks in length and offered multiple times a year. Topics include clinical proficiency, leadership development and cultural competency.

The unique approach combines live and recorded webinars, self-study readings and online forums, bringing together peers and experts in engaging formats.

By including live instruction and interactive content, Focused CE features both synchronous and asynchronous learning to enhance retention and comprehension.

Each series includes weekly online study and webinars.

Registration deadline is one week prior to the beginning of each series.

**Contact your sales representative or call
1-877-200-0020 to learn more.**
